

AP-PM 9400 - ENVIRONMENTAL POLICY

1. Aeropower Pty Ltd (“Aeropower”) is committed to:
 - 1.1 avoiding environmental harm by conducting all its operations in a manner that provides optimum protection to the environment;
 - 1.2 carrying out its activities in a manner consistent with the principles of sustainable development, integrating environmental and economic considerations guided by AS/NZS ISO 14001, and
 - 1.3 continually improving its environmental performance.

2. Aeropower will:
 - 2.1 promote an attitude of care and responsibility and a sense of stewardship for the environment by employees, and
 - 2.2 comply with all legislative requirements, licence conditions and agreements and respond openly and constructively to the reasonable expectations of the community on environmental matters.

3. Aeropower requires compliance of employees, contract staff, contractors and consultants with customers’ environmental policies and with any specific environmental conditions related to their tasks.

4. The Chief Executive Officer of Aeropower carries the ultimate responsibility for Company activities affecting the environment.

DARRYN CARLILE
CHIEF EXECUTIVE OFFICER
