

AP-PM 3005 - WHS POLICY

Aeropower is a helicopter operator providing a range of specialised services, such as airborne electrical powerline maintenance, helicopter aerial firefighting, general air work, vocational training and assessment for both pilots and lineworkers under an accredited RTO, air charter, and aircraft maintenance.

Aeropower is committed to establishing an organisational culture that fosters safe practices, encourages effective safety reporting, collaboration and communication, and actively manages safety with the same attention to results as those of the other management systems of the organisation.

OUR VISION - To become an international leader in airborne enabled utility asset management, emergency services and helicopter flight training

OUR MISSION and PURPOSE - To demonstrate unique capabilities aligned to targeted customers' needs through our talented people, commitment to safety, innovation and proven practices

OUR VALUES - Safety, Respect, Trust, Integrity, Pride and Teamwork

AT AEROPOWER, WE ARE COMMITTED TO

- Protecting the health and safety of employees, contractors, visitors and members of the public;
- Providing a safe workplace and safe equipment;
- Continually improving health and safety in the workplace; and
- Maintaining compliance with relevant work, health and safety legislation, codes of practice and industry standards

ALL THE AEROPOWER TEAM AGREE

- Safety is our first priority
- All workplace accidents are preventable;
- Working safely is a condition of employment; and
- Everyone can demonstrate leadership in health and safety

TO ACHIEVE THESE PRINCIPLES, WE WILL:

- Identify and assess health and safety risks prior to commencing all activities and projects and work to eliminate or control risk;
- Establish, maintain and review an AS/NZS 4801 and OHSAS 18001 compliant WHS Management System
- Provide enough resources to ensure work health and safety is a central part of the organisation;
- Establish measurable objectives and targets aimed at elimination of work-related injury and illness and continual improvement
- Apply standards that meet relevant WHS legislation, regulations and codes of practice
- Ensure incidents are investigated and lessons are learnt within the organisation;
- Engage in open communication and consultation with employees and other parties on health and safety matters;
- Ensure work health and safety principles are included in all organisational planning activities whilst also providing ongoing education and training
- Distribute work health and safety information, including this policy, to all employees and interested parties.
